

Asia-Pacific ATT&CK Community Workshop September 2026

Sponsorship Opportunities

EXPAND YOUR REACH

This Sponsorship Package is designed to showcase your organization as a thought leader and investor in the MITRE ATT&CK Community in the Asia-Pacific Region. The Center for Threat-Informed Defense is actively recruiting sponsors who are motivated to support and grow the regional community of security operations practitioners and threat-informed defenders.

A MESSAGE FROM MITRE | CTID

Thank you for your interest in supporting the **2026 Asia-Pacific ATT&CK Community Workshop**. Building on the tremendous success and enthusiasm of our 2024 and 2025 gatherings in Singapore, we are excited to partner with organizations that are committed to accelerating the adoption of threat-informed defense across the region.

The energy and dedication from attendees, speakers, guests, and sponsors have only grown stronger. With your support, we can continue to build this vibrant community of threat-informed defenders and help your organization meaningfully expand its presence with key decision makers and practitioners throughout the Asia-Pacific Region.

Join us in **September 2026** for this one-of-a-kind learning and training experience for users of MITRE ATT&CK.
